

ST. LOUIS MEDICAL LIBRARIANS
Business Meeting
December 16, 2003
Minutes

A brief business meeting was held in conjunction with the 2003 Holiday Party of the St. Louis Medical Librarians on Tuesday, Dec. 16

A tour of the new Blanche M. Touhill Performing Arts Center and reception preceded the meeting.

President Kim Lipsey called the meeting to order. She then introduced the committee chairs who were in attendance.

Continuing Education chair Carol Murray outlined upcoming SLML events: distance learning course on expert searching, Endnote course taught by Kim Lipsey, Awards Luncheon on April 2 and the Annual Business Meeting at Matthews in June.

Christina Sullivan chair of the Awards and Recognition Committee asked for nominees for the Leadership and Outstanding Service awards. Membership and other awards are given annually at the Awards Luncheon.

Kim invited submissions of news or stories of interest for the upcoming newsletter. She requested they be sent to Russ Monika from the Communications Committee. She encouraged all in attendance to access <http://www.slml.org>.

Membership chair Georgianna Grant reported on her membership drive over the past few months. There are 90 members of SLML. She tried to raise awareness of our organization and contacted all medical libraries in the area. There was not a huge response, but several new members have joined. The SLML Directory will be going out to the membership in January.

Kim reminded everyone that MCMLA 2006 will be in St. Louis. She urged everyone to keep the date in mind and get involved in the preparations.

Meeting was then adjourned.
