

Communications Committee Report 2005/2006

List of Members:

Pat Leembruggen
Ruth Lewis
Russ Monika, Chair

Activities and Accomplishments

We added content to and maintained the SLML Web site throughout the year. This included:

- Creating pages, including image galleries, for each event as needed.
- Meeting minutes were added to the site.
- An event calendar was maintained.
- With the assistance of the Membership Chair, an up-to-date membership directory was maintained.
- Worked closely with the CE and Program Committee to keep the membership up-to-date with events.
- A Merchant Account was set up through GoDaddy, our hosting company.
- Through the Merchant Account, members were given the opportunity to charge their memberships to major credit cards this year.
- Created web pages for the MCMLA 06 Annual Meeting to be held here this October.
- Through the Merchant Account, registrants to the meeting will be able to use major credit cards to pay for their registration fees.

We maintained the SLML-L listserv.

The Newsletter was published in October 2005. Links to other regional newsletters were maintained.

Online voting is being used for the election of Officers.

All of the committee members assisted with web page creation.

Goals and Timetables:

Most of the Committees goals and timetables are ongoing. We kept the web site and listserv up and running all year. We did all activities we were requested to do. We came up with several activities and projects on our own that enhanced or improved the organization's communications.

Respectively Submitted,

Russ Monika, Chair
